

## The Installation of AlternaTIFF

When receiving a new fax, you need to install AlternaTIFF to preview the new fax. Here is the user guide about how to install the AlternaTIFF manually.

1. Login FaxServer Web page and go to “Downloads” —> “Alternatiff” —> “click here to go to the installation page”

The screenshot shows the 'AlternaTIFF' page on the 'NETWORK FAX SERVER' web interface. The page title is 'AlternaTIFF'. The main content area contains the following text:

AlternaTIFF is a web browser add-on (ActiveX control or plug-in) that displays most of common types of TIFF image files. AlternaTIFF is available for both Netscape-style plug-in and an ActiveX control for IE.

Please select from the following three options:

1. ActiveX control, auto-install:  
For Internet Explorer 4.x or higher.  
32-bit version: [click here to go to the installation page](#)  
64-bit x64 version: [click here to go to the installation page](#)

Note: Privileges required to install ActiveX controls if you are using Windows with security features enabled (Windows NT, 2000, XP, Vista, 7).

2. ActiveX control, in a downloadable ZIP file:  
For Internet Explorer 4.x or higher.  
Download: 32-bit version [alternatiff-ax-w32-2.0.0.zip](#)  
Download: 64-bit x64 version [alternatiff-ax-w64-2.0.0.zip](#)  
Note: Privileges required to install ActiveX controls if you are using Windows with security features enabled (Windows NT, 2000, XP, Vista, 7).

The left sidebar of the web interface includes a 'Downloads' menu with 'Alternatiff' highlighted. The top status bar shows 'FAX Scheduler : Running', 'FAX1 (85310868): Running and idle', 'FAX2 (85320868): Running and idle', and the date '2011-11-19 11:19:57'.

2. Right Click the yellow part, select “Install This Add-on for All users on This Computer”.

The screenshot shows the 'AlternaTIFF ActiveX control installation - Windows Internet Explorer' window. The address bar shows 'http://www.alternatiff.com/install-ie/'. The page content includes the following text:

[AlternaTIFF :: ActiveX installation]

### AlternaTIFF ActiveX auto-installation for Internet Explorer

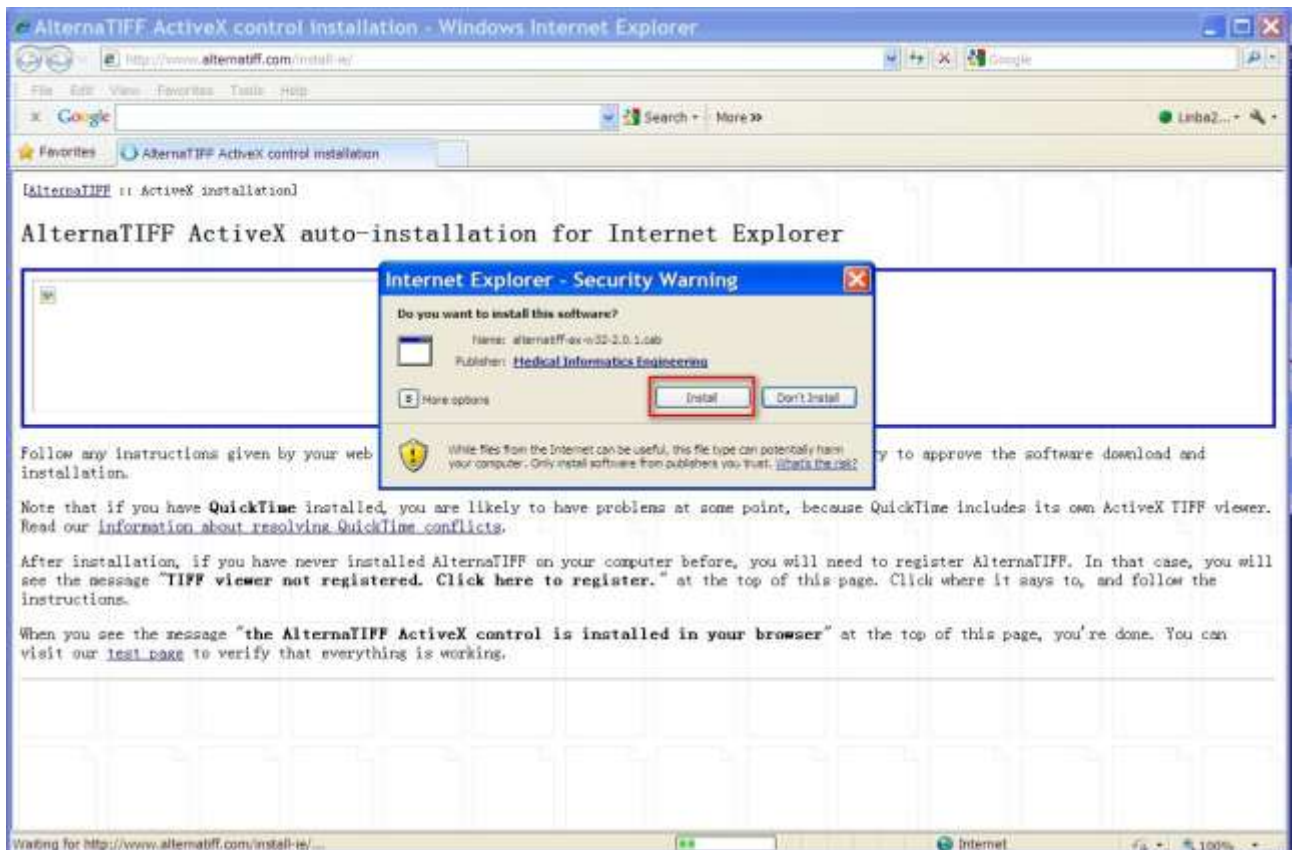

AlternaTIFF is not yet installed. If there is an information bar above or below, follow its instructions to approve the installation. For more information, read the rest of this page.

If you have problems:

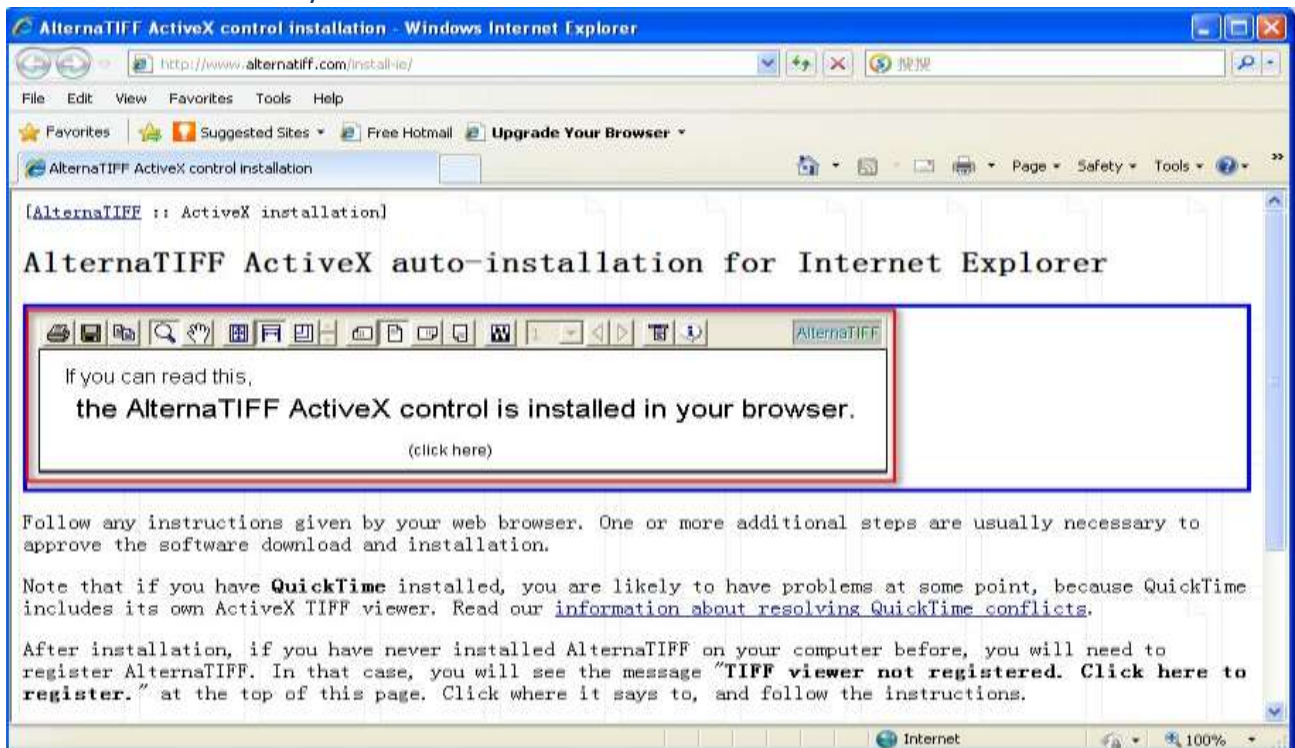

- Note that this page is only for Internet Explorer. For other web browsers, go to our [main page](#).
- Read the [FAQ](#) for troubleshooting suggestions.
- Refresh this page (press F5) to try again.

An information bar at the top of the page displays the message: 'This website wants to install the following add-on: 'alternatiff-ax-w32-2.0.2.cab' from 'Medio...' add-on and want to install it, click here...'. A context menu is open over the information bar, with the option 'Install This Add-on for All Users on This Computer...' selected.

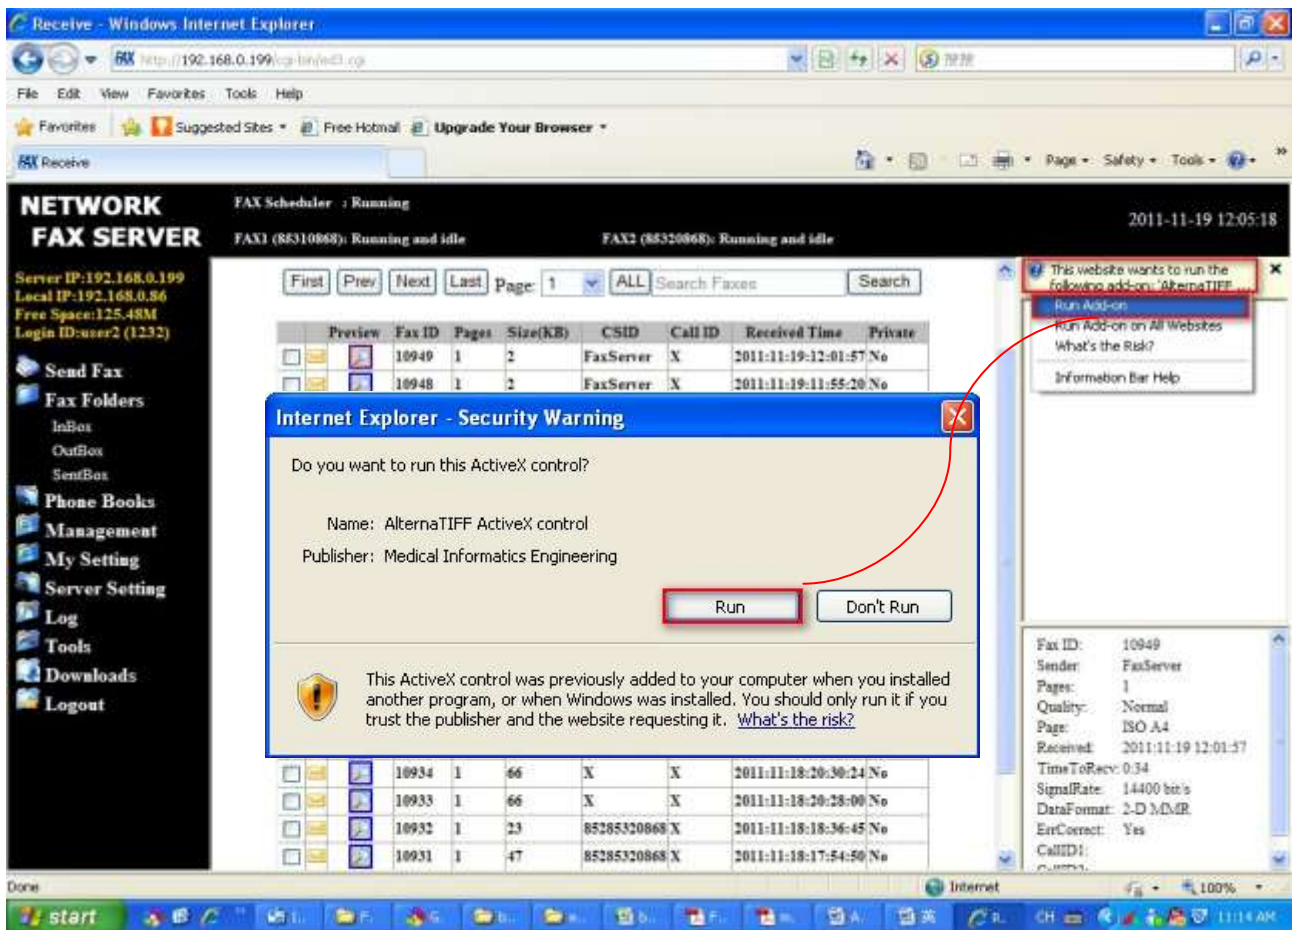

## 3. Click Install.

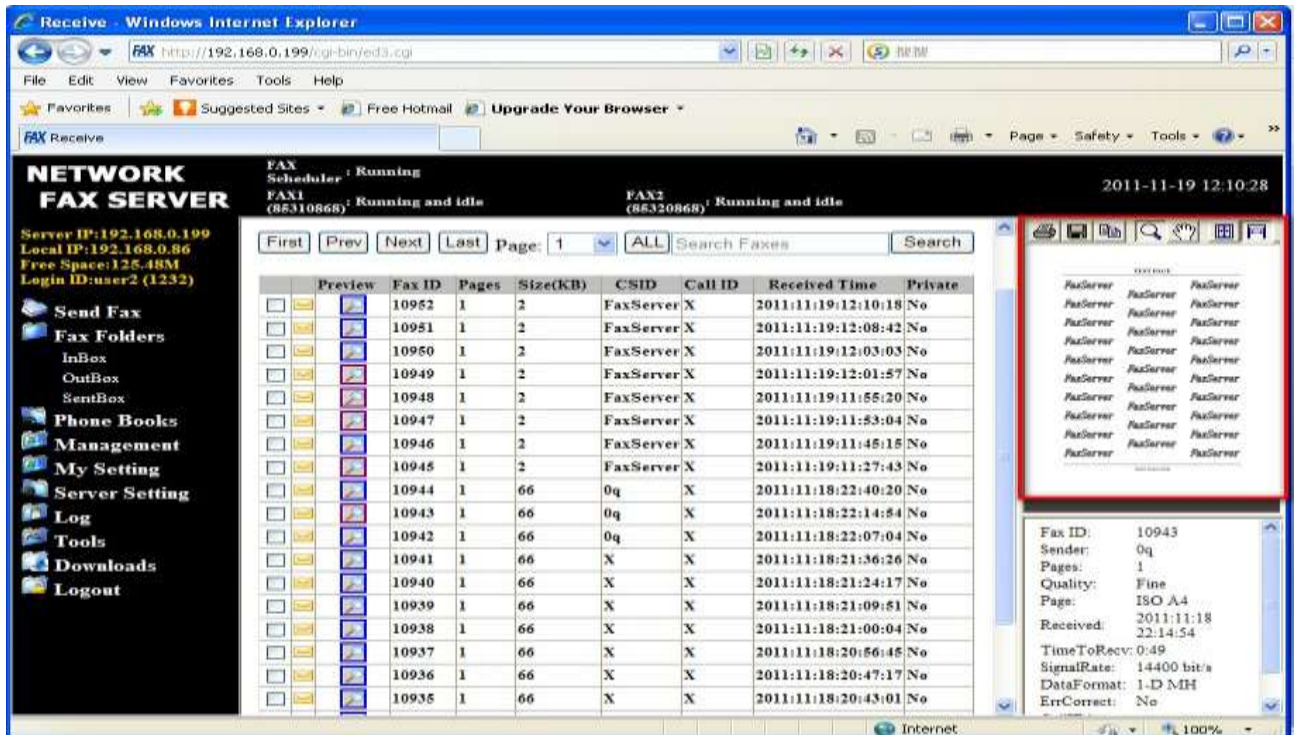

## 4. After complete install, it will display installation dialog box and that means the AlternaTIFF is installed successfully.

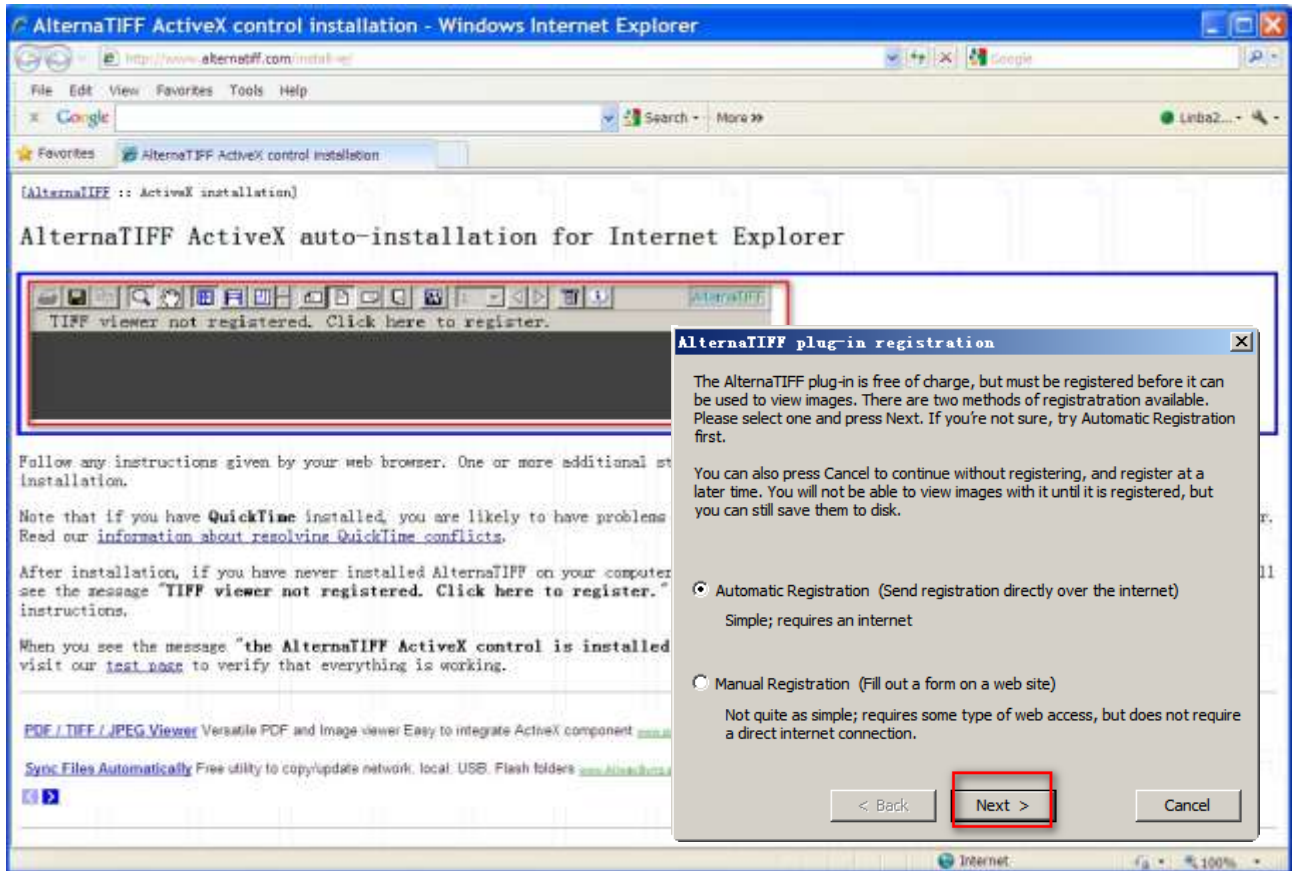

5. Come back to the FaxServer Web page ,Right click the yellow part and click “Run Add-on”

6. You can preview the fax successfully.

**Note:** Sometimes when you complete the install, it will display a pray part. In such situation, First you should Click the pray part to register.

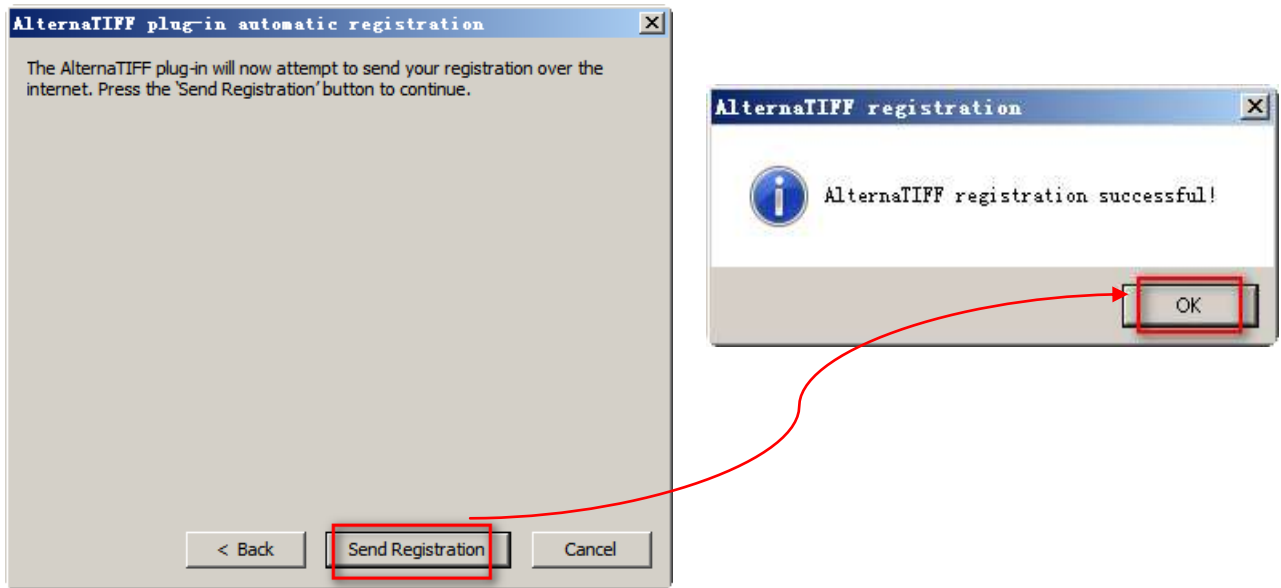

Then, Click "Next" to enter the information

The screenshot shows the 'AlternaTIFF plug-in automatic registration' dialog box. It contains a form with the following fields and values:

Name (required)	de
Company (required)	den
Address	yiiohihi
Phone number	845155145
Fax number	608
E-mail address (required)	fsa@yahoo.com

The 'Next >' button is highlighted with a red box. A red bracket and the text 'For example' are used to illustrate the example data provided.

After that, Click “send registration” and it will display the AlternaTIFF registration successfully.

Finally, the AlternaTIFF is installed in your browser.
