# 10

**ADVANTAGE**

## MAIN FEATURES

### 1. All In One Fax Server Solution

Bavo Fax Server comes with all the necessary hardware and software to allow network users to send and receive faxes from the desktop or browser.

### 2. Fax to Email

All received fax will be automatically sent to users' folder. It also can setup to send to email account by attachment with tiff or pdf format.

### 3. User-friendly Interface

The user-friendly interface allows any novice user to Send and receive faxes via Fax server pro easily, thus, the training cost will be greatly reduced;

### 4. Automatic Fax Routing

Bavo Fax Server automatically route incoming fax directly to the user's incoming box or email address.

### 5. Fax Broadcasting

Bavo Fax Server enables you to send a fax document to thousands of numbers at one time for saving your time.

### 6. Fax Monitoring & Fax Backup

Bavo Fax Server allows Administrators can monitor and backup all incoming or outgoing faxes.

### 7. Multi-Line Support

Bavo Fax Server series products support 1-4 external fax line.

### 8. PBX Integration

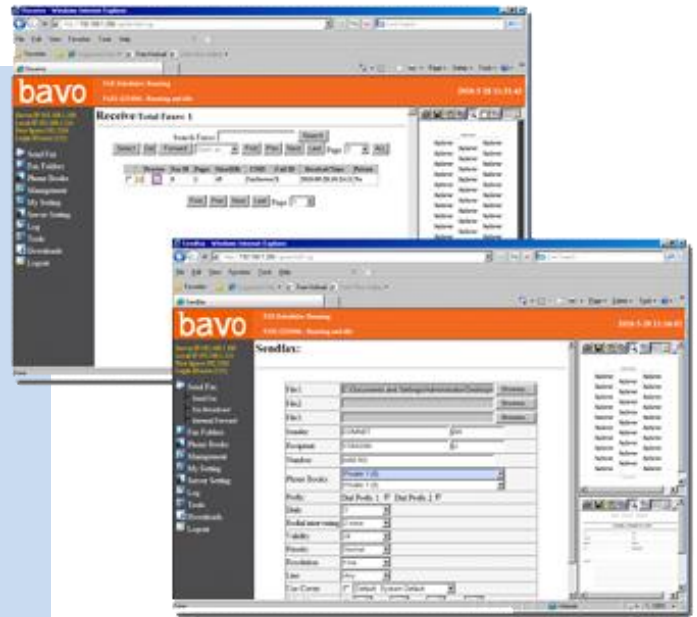

Bavo Fax Server can install behind PBX and able to listen DTMF code generated from PBX system, so fax can be delivered via PBX setting or analog DID/DDI service.

### 9. Fax Queue

All faxes will be queued within Bavo fax queue. It has priority code to indicate the priority of the fax. Urgent fax will send out by next available line.

### 10. SMB Network Share:

SMB network share allows storing and backup the received or sent faxes to any one share folder in server automatically.
